

# WISAM MUSA

musawisam12@gmail.com | 3216072707 | Orlando, FL 32638

---

## Summary

Hello my name is Wisam, I'm in my last semester studying IT and looking for related experience. Willing to listen, learn and excited to contribute in real-world environment to help find practical, actionable solutions for current needs.

---

## Skills

- React development
- TypeScript programming
- Responsive design
- Version control
- API integration
- Project management
- Networking
- Cloud Computing
- Operating Systems
- Database Management
- Soft Skills
- Troubleshooting

---

## Experience

### Equipment and Technology | Epic Universal - Orlando, FL | 01/2025 - Current

- Assisted in the unpacking, inventory, and setup of technical equipment including monitors, kiosks, handheld devices, and scanners.
- Demonstrated strong problem-solving skills, resolving issues efficiently and effectively.
- Approached customers and engaged in conversation through use of effective interpersonal and people skills.
- Contributed innovative ideas and solutions to enhance team performance and outcomes.
- Ensured equipment was functional, safe, and aligned with operational standards before opening phases.

### Full Stack Developer | Echo - ORLANDO, FL | 01/2024 - Current

- Developed a cross-platform messaging app using React Native, TypeScript, and Expo, optimized for both Android and iOS devices.
- Integrated Firebase Authentication, Cloud Firestore, and Firebase Cloud Storage for real-time messaging, user management, and media handling.
- Implemented responsive UI/UX with custom animated components, Gesture Handler, and React Navigation, enhancing user interaction.
- Utilized Firestore listeners for live chat updates and modular Firestore schema design for scalable data handling.
- Built secure registration and login flows with form validation, async/await patterns, and context-based state management (React Context API).

### QA & Frontend Developer | Shawarma Brothers - Ohio | 08/2024 - 12/2025

- Built responsive web pages optimized for different devices.
- Coordinated installation of software systems and collaborated with user experience team on design and implementation of new features.
- Worked in team environments to produce high-quality programs and applications for various industries.
- Collaborated with a team of designers and developers, creating mockups with Figma and utilizing JavaScript to ensure robust, scalable code for a seamless user experience.
- Managed version control using Git, contributing to a streamlined development process Technologies Used: React, JavaScript, Firebase, AI APIs, Figma, Git.
- Website for ShawarmaBrothers : <https://shawarmabrothers.food/>

**Front End Developer** | Project - Orlando, FL | 01/2025 - 04/2025

- Developed a responsive weather app using **Vite + TypeScript + React** for fast performance and modern development.
- Designed clean, user-friendly UI with **Chakra UI**, ensuring accessibility and mobile responsiveness.
- Integrated real-time weather data and handled API calls with efficient state management.
- Collaborated with AWS-hosted backend server to fetch and display live weather forecasts.
- Implemented error handling and loading states for smooth user experience.
- Optimized build and deployment using **Vite** for fast dev reloads and minimal bundle size.

**Transportation Associate** | Universal Studios - Orlando, FL | 09/2022 - 12/2024

- Answered customer inquiries regarding product features, pricing, and availability.
- Provided customer service support for inquiries, complaints, and returns.
- Assisted customers with selecting items and answering questions about products.
- Ensured compliance with company safety regulations at all times while on the job.

---
